

Creek Plastics

HDPE Conduit

Features:

- 100% Virgin Resin certified to ASTM specifications
- UV protection
- Meets the requirements for ASTM F 2160
- Available in common sizes from 1/2" to 4"
- Walls to cover SDR 9, 11, 13.5, Sch40 and Sch80
- Optionally, pull tape can be added in our conduit (typically, either 1250lbs or 1800lbs is used)

Conduit Markings

Sequentially numbered per foot, Manufactures name, Pipe size, wall thickness, ASTM, Date of manufacture

Applications

Telecommunications and CATV

Color

Orange and black are our biggest movers but Red, Blue, Green, Brown and Gray are readily available. We have the resources to manufacture whatever color you need. Remember, yellow is not available for conduit applications as it is used exclusively for gas pipe.
